## La Manga Club, a paradise in the Costa Calida

La Manga Club has top quality facilities and a wide range of sports and leisure activities for you and your group to make the most of your free time.

### Murcia · Cartagena

There are few places on the eight thousand miles of Spanish coastline which have the quality and wild beauty that can be found in this region of the Mediterranean. Just some of the things which make this place so special are the Calblanque National Park, a huge diversity of landscapes, a large variety of sports and excellent weather throughout the year.

# Region of Murcia, a place in the sun

The warm crystal clear waters of the Mediterranean and the Mar Menor are ideal for swimming and are known as the Costa Calida. The quality of light and year round mild temperatures are perfect for watersports whatever the season.

Murcia is the Capital of the region and is easily accessible by foot. Take a stroll through the judería (Jewish Quarter) and the morería (Moorish district) and visit the Santa María Cathedral or the Palacio Episcopal (Episcopal Palace); exploring the churches and museums and stopping for some tapas in one of the many cafes is highly recommended.

Cartagena is full of interesting places to visit, the Augusteum, a building in which the emperor was worshiped, the Decumano, the Roman Theatre Museum and the Fuerte de Navidad (Christmas Fort).

Inland from the coast there are many forts and castles. The Fortress of the Sun, a medieval castle that has been restored as a themed area, and is the gateway to medieval Lorca. Caravaca de la Cruz is a centre of pilgrimage like Rome and Jerusalem. Thousands of christians come here to worship a relic called the Santa Vera Cruz (Santa Vera Cross).

In the Region of Murcia there are plenty of opportunities to get out into nature. Sierra Espuña Regional Park is known in the area as the Green Lung and it is a great place for climbing, hiking and paragliding. Also the Northwest and

Northeast regions along with the Valle de Ricote (Ricote valley) offer beautiful natural spaces to enjoy.

No trip to the Region of Murcia would be complete without a refreshing swim in one of the many health and beauty Spas which can be found throughout the entire region, or tasting some of the best food and wines on offer, especially those from the region of Yecla and Jumilla.
